ANNEXURE.

RULES REGARDING THE SAFE CUSTODY OF CASH.

1. Public money in the custody of Government Departments shall be kept in strong treasure chests and secured by two locks of different patterns. All the keys of one lock should be in the custody of the Gazetted Officer, who is in charge of cash. All the keys of the other lock should be in the possession of the Cashier. This disposition of the keys is for the definite purpose of ensuring that the chest should never be opened or closed, without both the custodians being present.

When there are no double locking arrangements for the cash chests, the cash should invariably be lodged in the inside drawers, the keys of which should be with the Gazetted Officer in charge of Cash, only the outer keys of the Chest being with the Cashier.

2. When the Officer in charge of cash is on tour or on leave he should hand over the keys of the Cash Chest together with the contents to any other responsible Officer who remains in charge of his routine duties.

3. The following rules are prescribed for the custody of duplicate keys of cash chests and should be strictly followed.

(*a*) In the case of subordinate offices, one set of duplicate keys should be deposited with the superior office, the other set being retained for use in the office.

(*b*) The duplicate keys of the subordinate offices should not be sent by post, but delivered personally to the superior officer when the subordinate officer goes to see him in a cover sealed before that officer.
